While the Sentinel gracefully and thankfully bows its head to all honors, and while it knows that every truthful report of happenings at the "corner" are naturally credited to its columns, yet there are times when it refuses to take honors thrust upon its name. For instance, when the Paw Paw Northerner accuses us of taking them "to task for mud slinging," we positively deny the charge. Of course S is before T in the alphabet, and words with that initial easily come first to one's mind; but there are times when T should be thought of. Please exonerate us.—South Haven Sentinel.

The Sentinel is exonerated. Somehow one naturally thinks about the Sentinel in connection with South Haven. We meant "Tribune," as was indicated in the latter part of our item.

Patriotism is always commendable, but in every breast there should be not only the desire to be a good citizen, but to be strong, able bodied and well fitted for the battle of life. To do this, pure blood is absolutely necessary, and Hood's Sarsaparilla is the one specific which cleanses the blood thoroughly. It acts equally well for both sexes and all ages.

The hundreds and thousands of unprecedented cures performed by Vital Magnetism, the "Wiltmer Method" as taught and practiced by Prof. Cate. A method that reaches all diseases. By this great discovery impossibilities of yesterday are realities of to-day.

This is no fad nor freak, as many persons suppose, but a science embracing the grandest philosophic principles of any age. There is scarcely a form of disease on earth that this practice has not cured. Constipation, Nervous Disability, Liver and Bowel Trouble, Dyspepsia, Rheumatism, Female Troubles, Stomach and Kidney Trouble, Heart Disease, Sexual Weakness, Consumption, Spinal Troubles, Strictures and Fistulas—in fact every known disease readily gives way to this marvelous treatment.

If you are unable to come to Paw Paw for treatment, do not continue to suffer, but write to Prof. Cate at once and ask for instructions for absent treatment, which is no new thing, but has been in use for years, and thousands will testify to its success.
